**Are high co-pays preventing your patients from accessing treatment?**

*We can help*

High deductibles and co-pays should not prevent people with serious illnesses from getting critical treatment. At the Patient Access Network (PAN) Foundation, we help people with life-threatening, chronic or rare diseases pay for the out-of-pocket costs of their treatment.

PAN is the fastest, most dependable way for your underinsured patients to receive critical financial assistance. Your patients' treatment can't wait.

### Why turn to PAN for help?

- » Grants cover co-payments, deductibles and coinsurance
- » Easy online application process
- » Instant determination of eligibility
- » One-year grants, with potential for renewal
- » Secure online provider and pharmacy portals to enroll patients and access patient and claims information
