PAN Foundation

Are high co-pays preventing your patients from accessing treatment?

We can help

High deductibles and co-pays should not prevent people with serious illnesses from getting critical treatment. At the Patient Access Network (PAN) Foundation, we help people with life-threatening, chronic or rare diseases pay for the out-of-pocket costs of their treatment.

PAN is the fastest, most dependable way for your underinsured patients to receive critical financial assistance. Your patients' treatment can't wait.

Why turn to PAN for help?

- » Grants cover co-payments, deductibles and coinsurance
- » Easy online application process
- » Instant determination of eligibility
- » One-year grants, with potential for renewal
- » Secure online provider and pharmacy portals to enroll patients and access patient and claims information
