The PAN Foundation is your go-to resource for patients who need financial assistance with out-of-pocket costs for medications and treatment.

If you have patients living with life-threatening, chronic or rare diseases who are having trouble covering their treatment costs, we can help.

Are high co-pays preventing your patients from accessing treatment?

We can help

The help you need
High deductibles and co-pays should not prevent people with serious illnesses from getting critical treatment. At the Patient Access Network (PAN) Foundation, we help people with life-threatening, chronic or rare diseases pay for the out-of-pocket costs of their treatment.

PAN is the fastest, most dependable way for your underinsured patients to receive critical financial assistance. Your patients’ treatment can’t wait.

Why turn to PAN for help?

» Grants cover co-payments, deductibles and coinsurance
» Easy online application process
» Instant determination of eligibility
» One-year grants, with potential for renewal
» Secure online provider and pharmacy portals to enroll patients and access patient and claims information

Are your patients eligible?

1. The patient must be getting treatment for the disease named in the assistance program to which he or she is applying.
2. The patient must have health insurance that covers his or her qualifying medication or product.
3. The patient’s medication or product must be listed on PAN’s list of covered medications.
4. The patient’s income must fall at or below the Federal Poverty Level specified by the assistance program.
5. The patient must reside and receive treatment in the United States or U.S. territories.
